

This is preparation material for a CLEP Exam

- To register for your CLEP exam, contact the nearest college/ university listed on the test site sheet found in your welcome packet. Local telephone numbers are listed for each university.
- Because colleges and universities differ in their test administration areas, please ask for the “testing center” or “continuing studies” office. In most cases, the center staff will have registration materials on hand and will help you schedule your CLEP examination.
- Be certain that you have requested the correct exam. They will also let you know how to pay the exam fee.

If you have any questions about this process, please contact the Academic department at 1-888-955-3276.
